

## WHAT'S REQUIRED FOR INSTALLATION:

- Control Smart Yard Hub
- Instruction Manual
- 24v Power Adaptor
- Wire Stickers
- 3 x mounting screws
- 3 x drywall anchors
- Working Irrigation System
- Iphone or Android Smartphone
- Phillips Head Screwdriver
- Wi-Fi
- Level (recommended)

## WHAT'S IN THE BOX:

- 1 Test existing controller and make note of any zones that are not working
- 2 Repair non-working zones to an operational state before installing Control
- 3 Take a picture of the existing connections as a reference
- 4 Unplug power on old controller
- 5 Disconnect wires one at a time and apply provided wire stickers based on the terminal that the wire was removed from
- 6 Download the Sprinkl Control App from the Apple App or Google Play store
- 7 Enable Bluetooth on smartphone
- 8 Have wifi password available for pairing
- 9 Check smartphone to make sure there is at least one bar of wifi at location of install

## BEFORE INSTALLATION:

### 2 Year Limited Warranty (United States Only)

Sprinkl.io LLC manufactures its hardware products from parts and components that are new or equivalent to new in accordance with industry-standard practices.

Sprinkl.io LLC warrants that the hardware products it manufactures will be free from defects in materials and workmanship.

## Installation Guide

<http://sprinkl.com>

## INSTALLATION

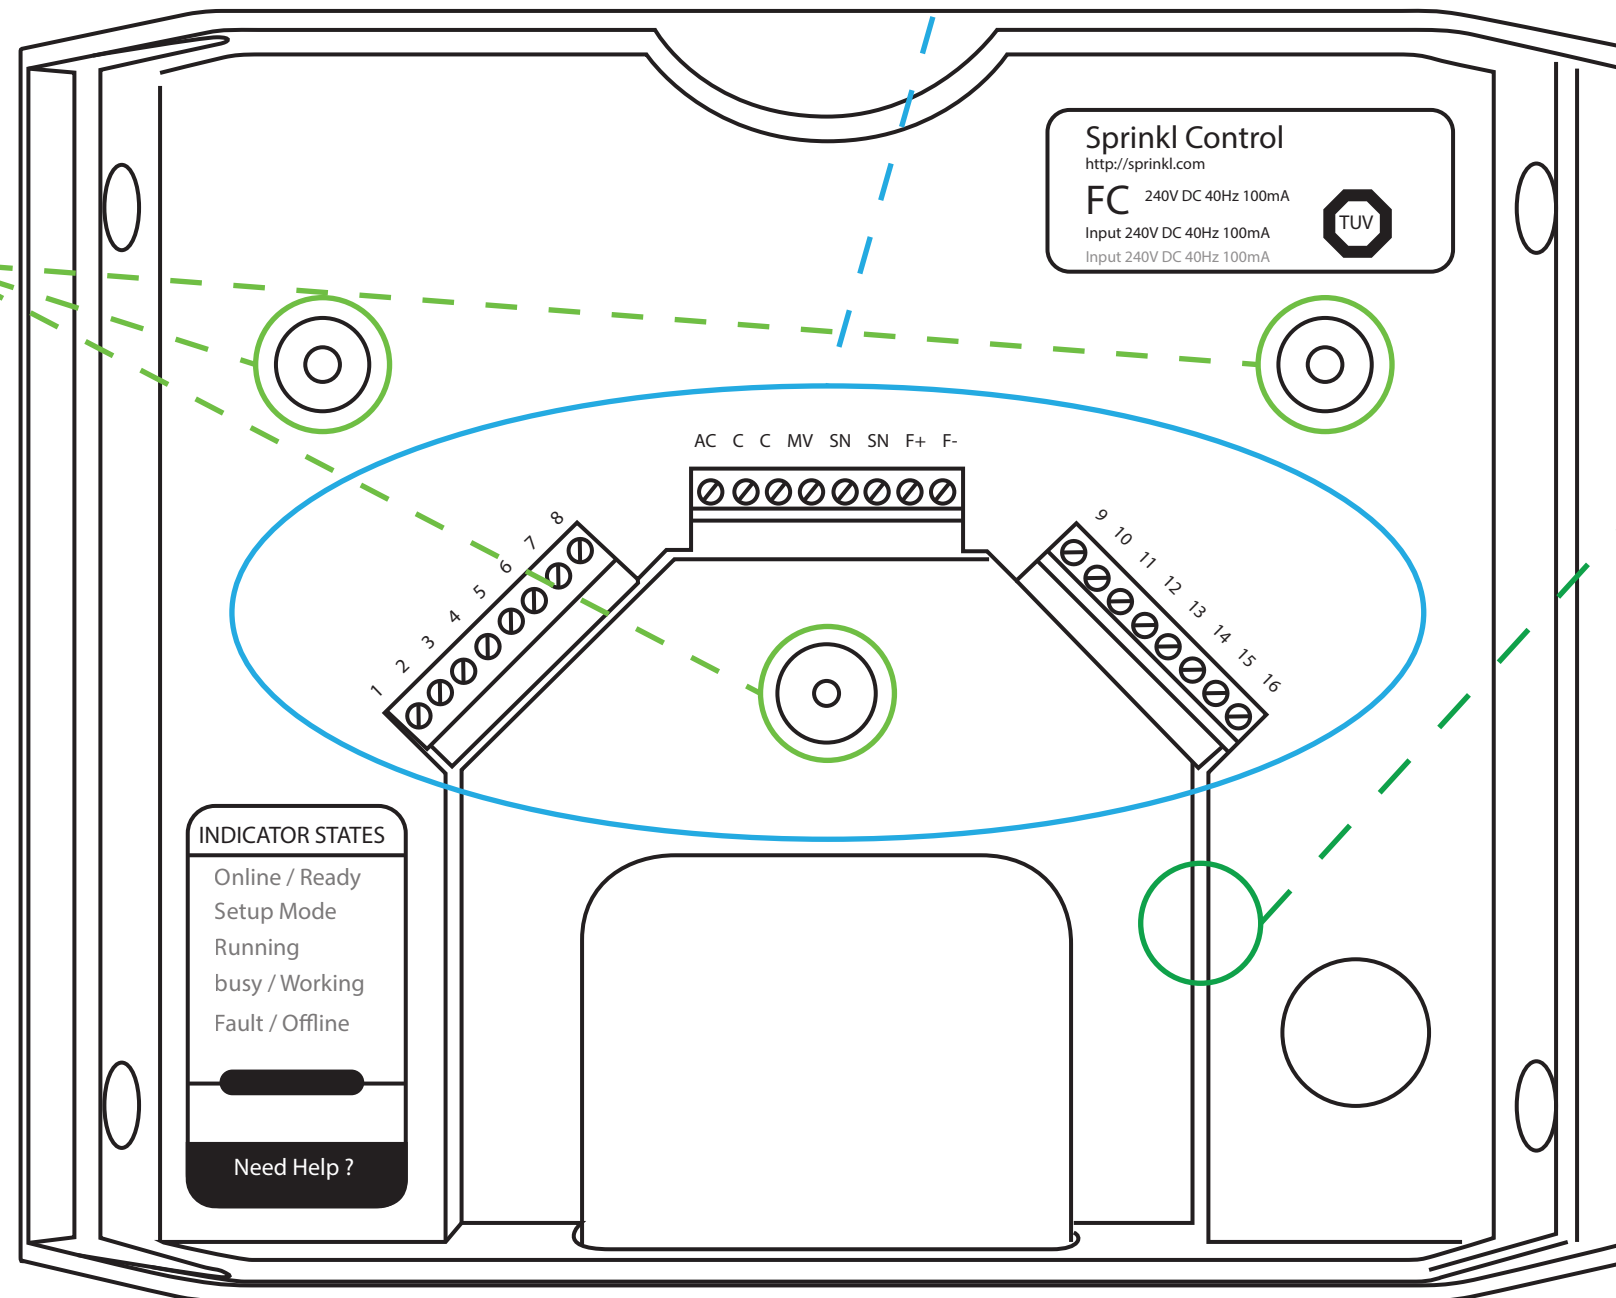

**4** If using anchors, remove Control and use a screwdriver to install anchors on the marked holes. If not using anchors, then use a screwdriver to install mounting screws directly through holes.

**5** Pull wires through bottom of Control and install by matching the Control terminal with the applied wire sticker. Wires are installed by loosening the screw on the terminal block, inserting wire in the bottom hole, and retightening the screw.

**3** Use a mounting screw to mark the wall for each of the 3 mounting holes

**2** Place Control in desired location

**1** Remove the cover of Control

**6** Plug control into power using supplied adaptor, and light will turn yellow after 10 seconds

**7** Open Sprinkl's Control app, select Add New Device, and follow instructions
